

PetExec 3.6 Application Preference Additions and Modifications

Table of contents

[Boarding](#)

[Calendar](#)

[Daycare](#)

[Group Training](#)

[Miscellaneous](#)

The following application preferences were added, modified and/or deleted with PetExec 3.6. Many of these application preferences go along with new features that are included in this release. This is a list of all the application preferences added, modified, or deleted. All of these application preferences can be found in Company Preferences > Application Preferences.

Boarding:

Boarding	<p>Enable First Time Boarding Icon When selected, will display a "B" icon on the boarding screens to indicate a pet who does not have a previous active boarding appointment in PetExec.</p>	<input checked="" type="checkbox"/>	
----------	---	-------------------------------------	--

Calendar:

Calendar	<p>Boarding Calendar - Default Color When checked, "Active" boarding appointments will use the color defined in Products & Services if the appointment has only one service selected. If that service does not have a color defined, the appointment has more than one service selected, or this preference is not selected, then the Boarding Status Color is used.</p>	<input type="checkbox"/>	
----------	---	--------------------------	--

Daycare:

Daycare	<p>Enable Automatic Daycare When selected, daycare services will automatically change at checkout to either the next highest priced daycare or the Next Daycare Service as configured in each daycare's setting in products and services. Enter the value in the field to determine the length of time (in hours) required to trigger the service change. If selected and left blank, 4.2 hours will be used.</p>	<input checked="" type="checkbox"/>	<div style="border: 1px solid #ccc; padding: 5px; margin-bottom: 5px;">1</div> <div style="border: 1px solid #ccc; padding: 5px;"> Next Highest Price ▼ Next Highest Price Next Daycare Service </div>
---------	--	-------------------------------------	---

The "Automatically Select Package" preference is not new, but the behavior has changed to support the new daycare package functionality. With PetExec 3.6:

- When checked, packages will be selected by default in the package drop down during daycare sign in and daycare quick check-in.
- When un-checked, no packages will be selected by default in the package drop down at daycare sign in and quick check-in. Packages can be manually selected at sign-in and by modifying the cart or during checkout.

Daycare	Automatically Select Package When selected, PetExec will automatically select the first package in a list when signing a pet into daycare.	<input type="checkbox"/>	
----------------	--	--------------------------	--

Group Training:

Group Training	Show Completed Training Classes When selected, completed training classes will show on the Dashboard for the selected number of days after the end date of the class. If no value is entered, the default is 30 days after the end date. Unselected, training classes will not show if they have been completed.	<input type="checkbox"/>	<input type="text"/>
-----------------------	--	--------------------------	----------------------

Miscellaneous:

Miscellaneous	Enable Custom Owner Advisory Icons When selected, individual icons will be used for each owner advisory instead of the single default icon.	<input type="checkbox"/>	
Miscellaneous	Enable Custom Pet Advisory Icons When selected, individual icons will be used for each pet advisory instead of the single default icon.	<input type="checkbox"/>
