

PetExec 3.1 New Application Preferences

[Return to Table of Contents](#)

The following application preferences were added to PetExec 3.1.

Many of these application preferences go along with new features that are included in this release. This is a list of all the application preferences added.

All of these application preferences can be found in Company Preferences-->Application Preferences. The company preferences menu has also been re-organized. The Application Preferences is now the first menu option under Company Preferences.
